

civil + structural ENGINEER

FULL PAGE AD DESIGN

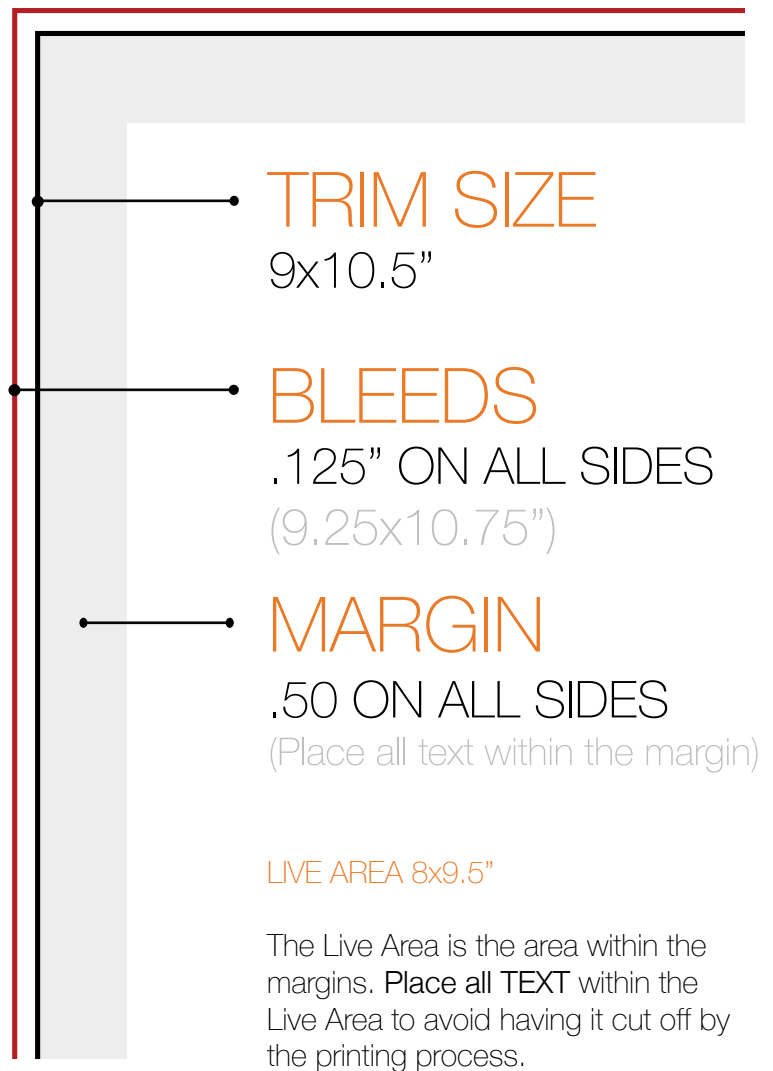

Build full-pages with a **.50" margin** on all sides and a **.125" bleed**. Do not use trim marks.

A high-res, print-ready PDF with the fonts embedded is the first preference.

Please name files:

CSMonthYear_AdvertiserName
(i.e. CS0116_ZweigGroup).

Back cover ads require a postage knockout. A white space is needed at the top of the ad design within the trim line. **9x1.88"** *Your logo can be placed on the right side.*

TRIM SIZE
9x10.5"

BLEEDS
.125" ON ALL SIDES
(9.25x10.75")

MARGIN
.50 ON ALL SIDES
(Place all text within the margin)

LIVE AREA 8x9.5"

The Live Area is the area within the margins. Place all **TEXT** within the Live Area to avoid having it cut off by the printing process.
